

# Record of Pesticide Safety Training for Farmer Assistants

Assistants who mix/load or apply Class 2 or 3 pesticides on your farm must be trained in pesticide safety. Assistants must be supervised by Certified Farmers. A qualified On-Farm Instructor must do the training. A Certified Farmer from the farm operation must be present during the training. Both must sign this document. This could be the same person.

The Ontario Ministry of the Environment, Conservation and Parks may use the information collected on this form to monitor compliance of the *Pesticides Act and Regulation 63/09* and to verify training. Questions about this collection of information should be directed to: Ontario Pesticide Education Program, University of Guelph Ridgetown Campus at 1-800-652-8573.
